

Learning Challenge: Nursery Term: Summer 2 What will you see at the seaside?

What will I know by the end of the unit?

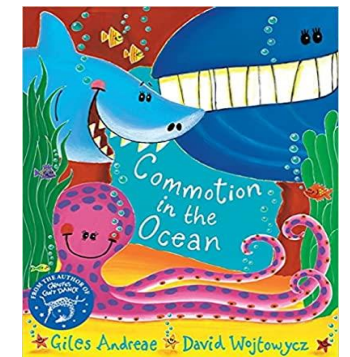

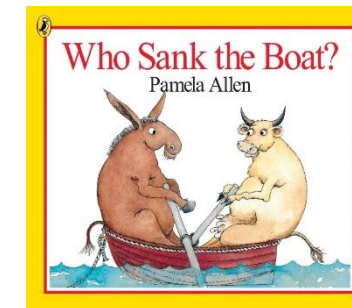

I can list things I would see at the seaside.	At the seaside I would see the sea, the sand, sandcastles, buckets, spades, people, sun.
I can explain why lighthouses are important.	Boats that are sailing in the dark need lighthouses to guide them past dangerous rocks.
I can use different materials to create a lighthouse picture.	We need to choose appropriate materials and colours to create a picture.
I can investigate what Nursery's favourite flavours of ice cream are.	When we are investigating, we only need to change one thing. For this investigation we are changing the flavor of ice cream.
I can investigate floating and sinking objects.	Objects will either float or sink in water depending on the material they are made of and how dense they are.
I can name creatures that live in the sea.	The sea is home to many creatures and plants such as sharks, fish, whales, dolphins, corals and seaweed.

Key Vocabulary Definition

- Daniel 6:10-23

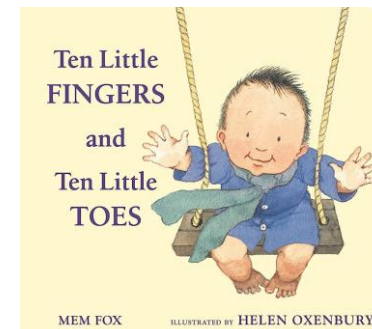

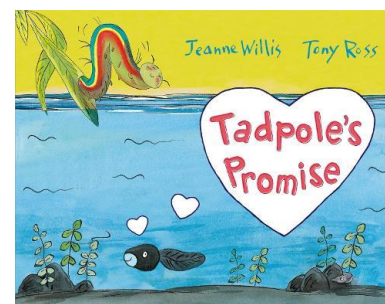

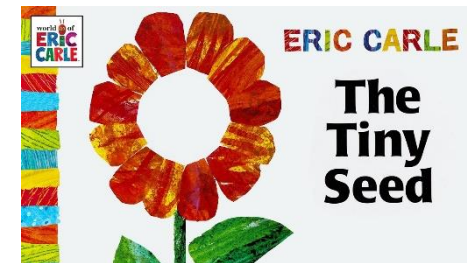

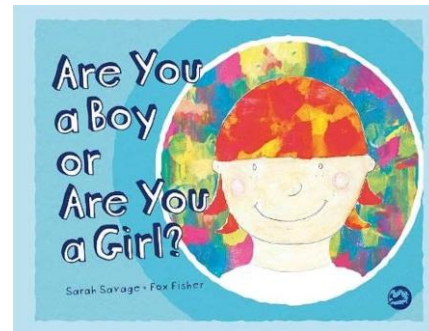

What will I know by the end of the unit?	
There are 4 seasons in the year: Autumn, Winter, Spring, Summer.	A baby needs lots of things to care for them e.g. nappies. We still need some of these things now e.g. milk.
Boys and girls have some body parts that are the same and some that are different.	Families give us love, care and safety.
We need to keep some of our body parts private e.g. by wearing underwear.	

Key Vocabulary	Definition
seasons	A part of the year when the weather is usually different.
baby	A very young girl or boy.
boy	A male child.
family	A group of people who love and care for each other, often living in the same house.
girl	A female child.
private	Something no one has the right to see or touch.
